

TECHNICAL SPECIFICATION SHEET

Ember

Red Onion

Ember is an attractive red onion with a deep red outer scale. The interior color is a dark red to the center of the onion. Ember sizes up very well as a result of some pink root tolerance. An improved percentage of single centers over typical red varieties makes Ember more uniform with fewer doubles.

Variety	Relative Maturity	Bulb Shape	Grade Range	Skin Color	Storage Potential	Disease Resistance
Ember	115 days	Globe	M-J	Red	4 months	PR (IR)
